

# Community Centre Project

## Consultation Survey

We want to hear your views on the proposed design and layout for the new community building and car park on Lower Lane, Chinley, as well as your thoughts on our wider community and how the new building could support improvements to life in our parish. Your feedback will help finalise the design to be submitted as part of the planning application in the summer, as well as inform the Parish Council's application to the National Lottery later this year. Please refer to the accompanying 'Community Centre Project Update and Consultation' newsletter for more details or visit [www.chinleybuxworthbrownside-pc.gov.uk/news](http://www.chinleybuxworthbrownside-pc.gov.uk/news)

We want the new community building to serve everyone living here, so we want to hear from people of all ages, whether or not you have used the Community Centre recently or in the past. Please take the time to discuss the questions with other members of your household and either answer collectively or as an individual. We know we hear less from men, young people and those least involved in existing community activities, and we would really appreciate hearing ideas and thoughts from different perspectives.
